Dear parents and carers

We are writing this letter to inform you of an exciting development at Woodfields. From June 5<sup>th</sup>, we have chosen a new, specialised catering company to deliver our school meals service. We have enclosed some information about the company (Miquill Limited) and hope you will take the time to read their introduction or even have a look at their website:

[www.miquillcatering.co.uk](http://www.miquillcatering.co.uk)

The good news is that, from Monday June 5<sup>th</sup>, the price of school meals has **come down** to only £2.40 a day (£12 a week). Considering the benefits of employing a company like Miquill, we think this is terrific value and hope many of you will take this opportunity.

The school talked to many different companies in order to get the best possible outcome for the school and, more importantly, the children. Miquill offer a range of fresh foods, all locally sourced, and their menu offered the best nutritional options and was the tastiest for the children (as judged by our school council!). Miquill are also a company that is passionate about food, and we will be working with them in the coming months to develop food and cooking as part of our curriculum, as well as seeing them at school functions.

All children in reception, Year1 and Year 2 will continue to receive **free** school meals, and if this is not something you currently do, please ask at the office for more information. If your child currently takes school dinners, or you would like them to from June 5<sup>th</sup>, **please pay as normal at the school office, or send the money in a named envelope**. All current allergy and food preference information has been passed to Miquill, and the serving staff at the school will stay the same. The only difference your child will notice is the quality and range of foods on offer each day.

If you have any questions about this or any other matter, please do not hesitate to contact us at the school.

Yours sincerely

Philip Salisbury
